CBL22SATA74-ML—18-inch 22 pin SATA panel mount to 7 SATA latch and 12-inch 4 pin male power

18-inch 22 pin SATA panel mount to 7 SATA latch and 12-inch 4 pin male power. This high-quality, durable cable is designed for secure panel-mounted SATA connections. It features an 18-inch cable with a 22-pin SATA connector equipped with mounting holes, transitioning to a 7-pin latching SATA data connector. A 12-inch 4-pin Molex power cable is integrated for convenient power delivery. Supporting SATA III (6 Gbps) speeds, this cable is ideal for connecting SATA devices requiring both data and power through a panel mount

Key Features & Specifications

- High-quality, durable construction.
- Straight connector on one end and latch-style connector on the other end.
- SATA cable 18 inches end to end.
- Power cable 12 inches end to end.
- Mounting holes for securing to a chassis.
- Compatible with most 22 pin SATA devices and 7 pin SATA ports.
- Supports up to 6 gigabytes per second of data transfer speed, making it a great choice for high-performance applications.

Technical Feature	Specifications
Model / SKU	CBL22SATA74-ML
Connector Type (A. Panel, B. Data, C. Power)	A. 22-Pin (15+7) SATA Female with Mounting Holes B. 7-Pin SATA Data with Latch (Straight) C. 4-Pin Molex Male Power
Length	SATA: 18 Inches (approx. 45.7 cm) , POWER: 12 Inches (approx. 30.5 cm)
Data Speed	SATA III (Up to 6Gbps)
Material	Low Smoke Zero Halogen (LSZH) / Copper Shielded

BRKESATASATAL18

Buy Now

BRKESATASATAL18– 18 Inch 2 Port Internal SATA to External SATA Bracket with latch and 7 pin internal SATA

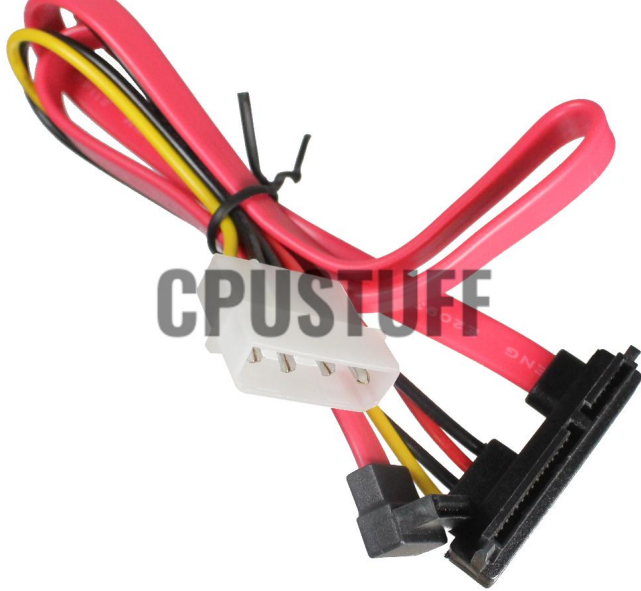

- 18-Inch 2 Port Internal SATA to External SATA Bracket with latch and 7 pin internal SATA
- This 2-port Internal SATA to eSATA Bracket provides a simple solution for adding external eSATA connectivity to your desktop PC. Converting two internal SATA ports to external eSATA enables seamless connection of eSATA hard drives, optical drives, and other peripherals. Supporting SATA III (6 Gbps) speeds, the bracket installs into a standard PCI slot and comes with 18-inch internal SATA cables. Requires two free SATA ports on your motherboard
- Converts Internal SATA to External eSATA: Adds two external eSATA ports to your PC.
- Supports SATA III (6 Gbps): Enables high-speed data transfer for modern eSATA devices.
- Easy Installation: Installs into a standard PCI slot bracket.
- Includes 18-inch Internal SATA Cables: Provides necessary connectivity.
- Wide Compatibility: Connect eSATA hard drives, optical drives, and other peripherals.
- System Requirement: Requires two free SATA ports on the motherboard.

Technical Feature	Specifications
Model / SKU	BRKESATASATAL18
Connector Type	ESATA Bracket to SATA with Latch x2
Data Speed	SATA III (Up to 6Gbps)

22SATAR– 20 inch right angle 22 pin SATA to right angle 7 pin with LP4

7MALE2 – 7-Pin Male to Male SATA Data Adapter / Gender Changer

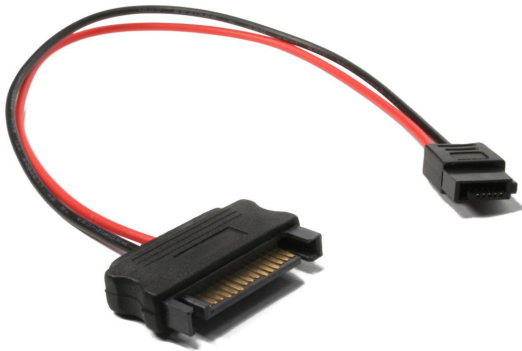

- 22 SATA RIGHT ANGLE 0.5 METER TO RIGHT ANGLE 7 PIN WITH LP4
- Data Cable: Red 0.5M - Cable exits down from hard drive.
- Power Cable: 8 inches LP4
- This custom 20-inch SATA cable features a right-angle 22-pin SATA connector on one end, combining both data and power, and a right-angle 7-pin SATA data connector with an integrated LP4 (Molex) power connector on the other, along with 8 inch LP4 power cable. This configuration is ideal for specific setups requiring right-angle connections for both data and power, offering a tailored solution for your system's needs.

Technical Feature	Specifications
Model / SKU	22SATAR
Connector Type	22 SATA RIGHT ANGLE 0.5 METER TO RIGHT ANGLE 7 PIN WITH LP4
Length	20 Inch SATA, 8 inch LP4 POWER
Data Speed	SATA III (Up to 6Gbps)

SL15SP8I– 6 Pin Slimline SATA 15 Pin SATA Power Cable 8 Inches

Buy Now

Slimline SATA Power Cable Adapter (6 Pin to 15 Pin Male, 8 Inches) This 8-inch Slimline SATA power cable adapter connects a 6-pin female Slimline SATA power connector to a 15-pin male SATA power connector.

Key Features & Specifications

- *Length: 8 Inches
- *Connector 1: 6-Pin Female Slimline SATA Power Connector
- Connector 2: 15-Pin Male SATA Power Connector
- *Function: Converts a 6-pin female Slimline SATA power connector to a 15-pin male SATA power connector

Technical Feature	Specifications
Model / SKU	SL15SP8I
Connector Type	6-Pin Female Slimline SATA Power to 15-Pin Male SATA Power Connector
Length	8 Inches
Data Speed	SATA III (Up to 6Gbps)
